

18 April 2002.

Dear reader,

### Revelation of Received Prophecy

During Lent 2002 whilst fasting and praying, I found myself wondering why the exhortation in the letter to the last four of the seven churches are placed in reverse order (Revelation Chapters 2 and 3). The message to the first three churches urges the faithful to seek spiritual insight to solve problems of doctrine and church leadership issues, despite the persecution from their worldly neighbours. The passages recording the words, "**He who has an ear let him hear**", and the need '**to be overcomers**' are mysteriously reversed after the exhortation to the third named church at Pergamum. The members of the second named church at Smyrna were informed of a ten-day period of persecution that they would have to endure, presumably from Satan's slaves (the devil's disciples), which would lead to the '**second death**'. Because the second death follows the final judgement, I knew myself to be reading of an end-time period of persecution, encompassing the Great Tribulation, and ending with the Rapture of the elect. I had previously thought of the letter as being a blueprint for devotees of Christ to follow, but perhaps the theory of the 'seven ages' in the changing nature of the church suggests that the first three ages of the church consisted of, and related mainly to, Messianic believers in Christ, which would not change until the '**times of the Gentiles**' were fulfilled, at which time there would be fellowships of Messianic Jews once again meeting in their homes, and in churches, exclusively Hebrew speaking, similar to the times in which the Book of Acts was written. I have reasoned that just as a synagogue of freedmen was established in Jerusalem, (Acts Ch 6:9, former slaves, both Jew and Gentile), established because the former slaves and their families did not speak Hebrew, but rather the language of their former Roman masters, that churches of exclusively **Hebrew speaking Jews** will be formed in the '**end times**'. This has occurred progressively over the period that the Jews have been officially restored to the Promised Land in 1948 (during the final jubilee). In recent years Messianic congregations have grown in numbers attending, with an increase in the number of churches in which to worship. A recent survey revealed that 70% of Messianic believers are Russian speaking, 20% English speaking, and only 10% Hebrew speaking. Even today the education of Hebrew speaking Jews is still greatly influenced by the rabbis, who teach that the saviour of the Israelites is yet to appear. The rabbis have taught that the name of Jesus Christ is an anathema, resulting in the disowning by Orthodox and Ultra Orthodox families of their children who accepted Christ as their Messiah. It was always so; Jesus spoke of a '**synagogue of Satan**', He was referring to former observant Jews who still practised and thought along Judaic rabbinic principals of religiosity and tradition; the faults are similar in the denominations and cults of today's church. The winnowing of goats from sheep is an end time separation. Believers are urged to obey Christ's teachings, discern the truth for ourselves, by studying the bible, which is the highest form of worship to our redeemer. Our redemption and sanctification is only the start

<sup>1</sup> I believe that the '**time of the Gentiles**' was the sentence imposed by God from the number of biblical days (possibly this was the 2,520 calendar years from Nebuchadnezzar's recovery from illness (in 571 BC) to the completion of the '**time of the Gentiles**' c1948. I believe that the covenanted people of God have been '**living in Egypt**' since that time. From Habakkuk Ch 2, I have discerned that the true Church of Christ in the Western nations has been living amongst the arrogant plunderers (the '**merchants of the earth**'), in parallel with the Jew and 'Christendom' living in the countries ruled by the Ottoman Empire. Such people are '**dhimmi**' a derogatory Arabic term identifying 'second class' people, but the global economists know the proletariat as '**punters**', a western derisory term. The current multi-cultural practices will end with Christ leading the elect to their true homeland. In Leviticus Ch 26:18, 21, 24, 28, God decreed the number of years of cursing for rebellion by the Jews (2,520 years of the Diaspora). Daniel (representing Israel) was exiled in 606 BC, and 2,520 years later, in 1914, Britain declared war on Germany. Following the Allies finally defeating the Axis Powers in 1946, the UN voted the right of the Jew to settle in their national homeland, which really got underway on the 14<sup>th</sup> of May 1948, when the first elected Knesset passed the Bill on The Law Of Return. This coincided with the completion of God's punishment of 2,520 'Gentile' and not 'biblical' years, from their return from the Babylonian exile in 536 BC. 2,520 years also represents the period of time that '**unredeemed capitalism**' has been allowed to flourish, from the time of the original destruction of the City of Babylon in 520 BC, and will be completed with the final destruction of Babylon during the Great Tribulation. The super power of America now represents the kings of the North, whilst the Muslim nations represent the kings of the South of Daniel Ch 11. The goat (a cloven foot animal, please note that I am stating that Western Christendom does not represent Christ) attacking the ram from the air (feet not touching the ground, as described in Daniel Ch 8:5) has clearly already been demonstrated, as a preferred plan of American warfare (and of NATO, by destroying the infrastructure to dishearten the enemy), in the carpet bombing of Yugoslavia, Iraq and Afghanistan.

of our maturing, at death we will be planted in the earth and flower into someone entirely different at the Rapture.

I was awakened early each morning and directed back to Revelation Chapters 2 and 3, and then to many other passages of the Bible, but it was not until awakening on Saturday the 6<sup>th</sup> of April that I believed I had correctly interpreted the significance of the passages to which I had been directed. I was told that Joshua and Caleb, the two righteous men amongst the twelve spies sent to Canaan, represented the Jew and Gentile who would populate the kingdom of God (Caleb's ancestors had been Edomites). The other ten spies, who were leading members in their tribes, had defied God's word concerning the entering of the tribes into the Promised Land, and were in rebellion. God punished the whole nation by sentencing the tribes to wander in the wilderness for 40 years, one **year** for each **day** they had spied. I knew that one '**day of years**' (a decade) mirrored the ten rebellious leaders, each year representing one leader. During this period of Lent, I received revelation that the ten days of persecution related to the last decade of history. Society is now living in this special diamond year of **Yovel**, which is the fiftieth sacred year following 49-**schmitta** years<sup>2</sup>, and part of this last decade.

During the 49<sup>th</sup> year of restoration to Israel, a unique star formation formed in the heavens over Jerusalem on the night of the 14-15<sup>th</sup> September 1997, Virgo (the virgin mother) was crowned with a constellation of 12 stars as she gave birth to the new moon (under her feet). This warning (prophesied in Revelation Ch 12:6), announced the arrival of the red dragon (Satan) who relentlessly pursued the new-born child (the **Messianic Jew**), for 3½ years, until 2001, when, in accordance with Revelation Ch 12:17, Satan then attacked the whole nation of Israel through Islamic fanaticism in the form of a second stone-throwing *intifada*<sup>3</sup>, which quickly escalate into mayhem, with an increase in deaths through knifings and sniper fire and suicide bombings, **against** the Israeli public. The definition of terrorism is 'acts of atrocity perpetrated against the civilian populace'; the case against Arafat's terrorism is proven, if not acknowledged by the world's leaders. I believe this *intifada* proclaimed the start of the biblical, '**about one half-hour**' period, of Revelation Ch 8:1, during which time the worshippers in heaven contemplated the forthcoming wrath and prayed for God to demonstrate His mercy. From reading Daniel Ch 8:14, I believe that this persecution is to be endured for 2,300 evenings and mornings. It can be discerned from Habakkuk Ch 1:5-11 that a trumpet call announcing that the Great Tribulation is shortly to be sounded. God is raising up the Babylonian hordes of fearsome, ruthless Muslims to attack Israel, from whom He will deliver them. This time the Jews will not be banished from the land into exile, and whole families will turn to Christ, on witnessing God's intervention. Revival will break out worldwide, but persecution will escalate as the religious war develops. Later the antichrist will introduce an age of uneasy peace, during which time people will be free to worship the god of their choice. Jesus, in Revelation Chapters 2 and 3, is prophetically urging His end-time Church of assorted congregations, to stand firm during the persecution of the Great Tribulation.

Because America coerced the support of the UN, enabling Jews the right to establish themselves as a nation in Israel, most Muslims domiciled in nations dominated by Islam, believe America to be the **Great Satan**. The more fanatical Islamic nations are glad that the American public have been punished through the Twin Towers atrocity. Witness the scenes of exultant Palestinians on our TV screens before the cameramen were threatened with death for releasing the implicit footage. Western nations have labelled this warfare as '**terrorism**', but the spin-doctors of the politicians, diplomats, and the '**merchants of the earth**', which includes the media moguls, are well aware that 'Christendom' is facing a '**Holy Jihad**'. So many times previously, in the Western nations, the devil's advocates have thrown truth down, that the people do not receive the unvarnished and often unpopular truth. "**Woe unto those who call evil good and good evil, who put darkness for light and light for darkness**" (Isaiah Ch 5:20). The date of September 11<sup>th</sup> 2001 marks the smouldering embers of the second woe, bursting into flame as the third woe of Revelation Ch 11:14, culminating into a war between Islam and the Jews and infidels. I believe that mystery Babylon is now

<sup>2</sup> God decreed in Leviticus Ch 25:1-12 that each seventh year from Creation was to be a **holy Shabbat year** (the **schmitta**, or **sacred** year), and on the completion of 'seven' being '**squared**',  $7^2 = 49$  years (the squaring of any number by itself with no remainder is God's signature of completion), the diamond year of jubilee would follow, during which time again the land was to lie fallow, as it had during the previous *schmitta* year.

<sup>3</sup> I received revelation at the Wailing Wall at *Rosh Hashana* 2000 (of which I write fully of in **Wake Up!**), that a second stone-throwing *intifada* would follow, but develop into a full-scale armed world wide religious war, following the fulfilment of prophecy concerning the invasion of Israel, written of in Psalm 83, commencing sometime before the current year of **Yovel** is completed.

identifiable with the '**merchants of the earth**' of Revelation Ch 18:11, and the destruction of the Twin-Towers 'in one hour' crumbling to the ground (described in hidden terms in Revelation Ch 14:6-13). Mystery Babylon is a cryptogram for '**unredeemed capitalism**', a foreshadowing of corporate worldwide globalisation by international conglomerates<sup>4</sup>.

In this diamond jubilee year, which runs from the 17<sup>th</sup> September 2001 until the 6<sup>th</sup> September 2002 in the Gregorian calendar, the Jewish Feasts of **Passover** and **Shavuot** coincide with the Gentile dates of Good Friday and Pentecost Sunday. I was reminded that the late President of Syria died on the Shabbat of Shavuot, which was the anniversary of God manifesting His Presence to the Israelite tribes, and of the Holy Spirit similarly appearing to those disciples in the upper room. It is a biblical theme that God has a penchant for ordering of spiritual events to occur on anniversary dates. I believe that the planned Islamic attack and destruction of the nation of Israel by Islam is imminent. I received revelation that Jesus will reveal Himself to **some** unbelieving Jews across the world on Pentecost Sunday, and that there will be an outpouring of the Holy Spirit in fulfilment of Joel Ch 2:28. Jesus is going to unseal the blind eyes and unstop the deaf ears of His chosen people, in fulfilment of the prophecy of Isaiah Ch 6:11-13, as world Jewry pray to their God for protection of their racial brethren living in Israel from a massive invasion by the surrounding Arab nations. This revelation of Christ as the kinsman redeemer may well appear with the manifestation of the two witnesses of Revelation Ch 11:3-12. Believers have the promise of God that, during their 3½ years of ministry, the two witnesses will wield supernatural powers. During their ministry, recognition and respect will be enjoyed by the Jewish race, a period during which ten Gentiles will seek the guidance and companionship of every Jew (Zechariah Ch 8:23).

Gospel writer John had difficulty describing the invaders, who I have identified as Muslims from the two fixed periods of time in the Book of Revelation. From Revelation Ch 8:2, it can be seen that these 'disciples of the devil' are directed by the star (Satan) cast into the Abyss, from where the scorpions (the Muslims) emerge. In Revelation Ch 6:12, John described, in the only way known to him, the devastation of a nuclear holocaust as an 'earthquake'. The prophet Isaiah in Ch 17 described in similar prose the devastation to the vegetation and human life in Damascus following a nuclear explosion. Other symbolic passages need to be interpreted, in order to explain how I reached these conclusions. For example Revelation Ch 9:5-10 speaks of a fixed period of 5 months (5 religious months of 30 days = 150 days of years), of a mounted militia, that strike like scorpions, distinctive through their wearing of '**golden crowns**', and '**breastplates of iron**'. These were the 150 years of unstoppable tidal waves of attack (perhaps an allusion to the 150 days of the Great Flood). This description of the invading hordes identifies the attackers as the Saracens, a desert people whose headdress was a distinctive yellow turban. The Saracens became followers of Mohammed (c570-632 AD, the (false) prophet paralleling John the Baptist's ministry, as one '**calling out in the desert**'), overpowering the Greek Orthodox Churches of North Africa. In 630 AD, the Saracens overcame the Koreish tribe of Mecca, who ruled the area surrounding the city. The Saracens were filled with religious fervour to recapture the lands for *Allah* that Alexander the Great had occupied. Over the period 613-763 AD; the Saracens (later known as Mohammedans) acquired an empire that embraced Spain, southern France, Central Asia and India. They rapidly conquered lands eastwards into Europe, and westwards into Asia and the Orient. The Saracens were later absorbed into a loose confederation of Mesopotamian tribes, centred on Iran.

In Revelation Ch 9:16-19, we are informed of a better-armed and more fanatical army, commanded by Salah a-Din (1138-1193 AD), a Kurdish born Seljuk Turk, who rose from the ranks to become Sultan of Egypt. His armies were identified as wearing a much more colourful breastplate than worn by the Saracens. The horde of horse-mounted troops numbering 200 million suggests that the invaders were too numerous to be counted. John wrote (in Revelation Ch 9:17-18) of the Seljuk Turks and the use of cannons and muskets in their warfare. He described the effects of the gunpowder on humans as 'three plagues of fire'. The description of horses having a sting in the tail was to indicate that the Seljuk Turks, transported their wheeled cannon carriages strapped behind horses, therefore the barrels faced the opposite way to the enemy

<sup>4</sup> The worldwide financial turnover of the leading 200 trans-national corporations combined, exceed the combined economic turnover of 182 countries, having 25% of worldwide turnover. This conglomerate turnover is exceeded by only the best performing of 9 nations. Corporate worldwide globalisation, has led to conglomerates influencing, if not dictating, the agenda and outcome of international summits. These conglomerates include amongst their directors, covenantal groupings of Freemasons, the Illuminati, the Bilderberger Group, the Club of Rome and the like, having their own global agendas. From their positions of power, they are willing and able to finance non-government organisations; who are the pressure groups that lobby the G7 bankers, the UN, and other bastions of authority.

they were advancing against! The Seljuk Turks were identified through the biblical period as '**arising for this very hour and day and month and year**', again a fixed period of time, which is interpreted in biblical terminology as *c 400 years*. One year being 360 years, one month being 30 days, one day and one hour being ten years. It should be noted from Proverbs Ch 21:30-31 that the final victory over evil horsemen belongs to the Lord. Also it is clear from Revelation Ch 9:14 that it is God who orders the release of the four fallen angels currently bound in chains at the Euphrates River in Mesopotamia. These fallen angels mirror the four Arabian horses of the apocalypse.

Under the leadership of Osman 1 (1259-1326 AD), what became the Ottoman Empire was founded in c1300 AD. The Ottomans defeated Greece in 1453 AD, and centred the Ottoman Empire on Istanbul (formerly Constantinople). This was the end of the second woe, the third woe being delayed until the Jews were legally allowed by the nations to return to an undefined area of Palestine renamed Israel, from which time there will always be strife between the Muslims and the Jews embraced the infidels of Christendom, when all hell breaks loose! The Ottoman Empire had been a declining power since the 17<sup>th</sup> century. The Sultan of Turkey sided with Germany at the outbreak of World War 1; their defeat at the hands of the Allied nations resulted in the break-up of the Ottoman Empire and the emergence of the Arab oil States establishing autonomously sheikdoms. This revelation is a synopsis of my book '**Wake Up! The Lord is Returning**', although the book deals with more than just eschatology.
